CHILDREN HATE

PILLS, CALOMEL

AND CASTOR OIL

If Cross, Feverish, Constipated, Give

"California Syrup of

Figs"

Look back at your childhood days.

Remember the "dose" mother insisted on—

castor oil, calomel, cathartics. How you

hated them, how you fought against

taking them.

With our children it's different. Mothers

who cling to the old form of physic

simply don't realize what they do. The

children's revolt is well founded. Their

tender little "insides" are injured by

them.

If your child's stomach, liver and bowels

need cleansing, give only delicious

"California Syrup of Figs." Its action is

positive, but gentle. Millions of mothers

keep this harmless "fruit laxative" handy;

they know children love to take it;

that it never fails to clean the liver and

bowels and sweeten the stomach, and

that a teaspoonful given to-day saves a

sick child to-morrow.

Ask your druggist for a bottle of "Cal-

ifornia Syrup of Figs," which has full

directions for babies, children of all ages

and for grown-ups plainly on each bot-

tle. Beware of counterfeits sold here.

See that it is made by "California Fig

Syrup Company." Refuse any other kind

with contempt.—Adv.

RANDOLPH

Celebration Started In at 6:30 with Blow-
ing of Salisbury Whistle.

At 6:30 on Monday morning the whistle on the Salisbury furniture factory sounded an alarm which at first was thought to mean a fire; but after a moment the continuous blowing of the same was thought to be a signal announcing that the war had ceased. Very soon the church bells took up the work and for several hours there was hardly a moment when all were not ringing. A telegram from Washington had been received at the station, announcing that Germany had surrendered, and the rejoicing continued. When the employees of the mill came for their work at 7 o'clock they were ordered to form a procession, which they did, and with flags and all sorts of instruments which could make a noise, the march was continued, the help from the foundry joining them in the march. This march was made through the principal streets before they went to work, and about 9 o'clock the small boys took up the plan and they made a tour of the town, and with shouting and playing upon every sort of a thing made much noisy music. A notice was soon sent out announcing that at 1:30 a procession would form at the parish house and inviting all to join. When the parties began to gather there was at first a small crowd, but later a large number of people joined them and the procession included about 800 people. The procession was led by Uncle Sam in the person of O. R. Greene and Columbia, who was impersonated by Mrs. Baker, and they on horseback led the procession. Their costumes were appropriate to their characters, and these were followed by eight others on horseback, who led the way. The band followed and led the way for the school children. Mr. Ham, the principal, leading the high school, and the grade teachers accompanying their pupils. E. T. and F. A. Salisbury led their employees and the foundry was also well represented. The Red Cross

ladies in large numbers were out in uniforms, the Rebekah lodge with their flag, the Daughters of the American Revolution in the car of Dr. Scott, they also having a flag. About 25 automobiles were in the parade, all trimmed with the national colors and many of them representing some branch of business. One team attracted much attention, which in the rear drew a rough casket, in which was placed the "remains" of the kaiser exposed to view. The box was decorated with several devices not complimentary to the late king. This was taken at the close of the march to the square and the kaiser was burned. The Salisbury company arranged for a ball the same night with Gilson's orchestra of eight pieces to furnish music, and the entire proceeds were devoted to the drive of this week. The whole affair was a success, the amount of the proceeds not being yet ascertained.

The funeral of the late Mrs. Henry Booth was held on Saturday from her home on Central street, Rev. F. S. Tolman officiating. Mrs. Booth's brother, Mr. Wells of Chicago, was present and will remain for a few days here with Mr. Booth before returning to his home. Burial was made in Southview cemetery.

Miss Minnie Carpenter, who has been here with Mrs. V. A. Grant for several days, left Monday for her home in Montpelier.

Mr. and Mrs. Joseph Ladue, who have been in Concord, N. H., for a few days, returned here on Monday to pass a few days at their home before going to St. Albans for the winter.

Mrs. Hazel Eaton of Rochester arrived here on Monday to visit Mr. and Mrs. Alfred Eaton, after which she will go to Boston.

Mr. and Mrs. George West, the guests of the latter's parents, Mr. and Mrs. E. P. Rye, over Sunday, left Monday for their home in Stowe.

Clothes for "Over Here"

Business men, the men who keep the country "going strong" behind the men who are keeping it safe; these men want and need the kind of clothes we sell.

They want quality, in materials and workmanship; they know that these are the essence of economy; they want somebody to do for them in clothes what they're doing for their country in their own work.

We're doing it; the Hart Schaffner & Marx label in a garment is the sign of it.

No papier-mache scenery, no studio "props," no supers, no artificialities of any kind figured in filming this wonderful new Griffith masterpiece.

The greatest achievement in Mr. Griffith's entire career, even surpassing "The Birth of a Nation" and "Intolerance."

"A story so sweet it turns the heart to tears; so strong and virile it fires the brain with an amazing fervor; so realistic and terrible that it strikes terror to the very marrow of the bones."
